PLEASE NOTE (As per new 'Personal Information Protection and Electronic Documents Act' (PIPEDA):

I hereby acknowledge and consent to the collection of my personal information including my name, address, phone numbers, and any other contact information, as well as the result of the examination on the training course I attended, and to disclose my personal information to the Ontario Ministry of Natural Resources & Forestry whom may contact me for the purpose of soliciting feedback of comments on the training course and also for the purpose of any potential firefighting opportunity.

Disclaimer:

“Successful completion of the SP100 Fire Fighter Training Course does not guarantee employment Of the approximately 400 annual entry-level positions (crewmember) within MNR, the vast majority are filled by returning staff. However, a turn-over rate of roughly 30% is expected annually meaning approximately 120 new fire fighters are hired each spring. Please note: The turn-over percentage varies depending on location so each Fire Management Headquarters should be contacted directly as to actual job opportunities. During periods of escalated fire activity, the MNR may hire Supplementary Fire Fighters to assist in a variety of roles. However, these are short-term, temporary contracts that end when forest fire activity returns to normal. There is also privately run firefighting crews (Type 2) that the MNR hires during escalated fire periods. These Type 2 fire fighter providers should be contacted directly as to actual job opportunities. You are encouraged to visit our website at <http://ontario.co/fireranger> for more information
